

Annual Report

A good education is a foundation for better future. Scholars International School is one of the best to strengthen the roots. We invite all your eye sights to view our hard work, commitments in all areas. Here I present our Annual Report for the year 2020-21. Excellent results filled us with pride and I feel honoured to mention that, we had 100% result for the academic 2020-21. The Covid -19 Pandemic has forced educators to transform their lessons to Online versions in short span of time. Our teacher had to change to online teaching, requiring them to use various digital tools and resources and implement new approaches to teaching and learning. I am grateful to have such wonderful team of teachers. They stood up and made the Pandemic into a successful and fruitful academic year. We build upon our many accomplishments across our campus with the support of our management. We remain grateful to all the parents for reposing their unparalleled trust in us which propels us to march ahead with greater commitment and enthusiasm. A genuine appreciation to all the teaching and non-teaching staff for their contribution to the institute, in string to the next area of stability. “The learning of learners”, Current trends of teaching and learning necessitates a regular updating of teachers. Our teachers including me constantly strived to stay updated by attending various virtual seminars, workshops and training programs. Various CBSE competitions were organized during pandemic time where many

students participated actively. As per CBSE guidelines Fit India School Week was organized and all the students from classes 6th to 9th participated spontaneously in Yoga, Fitness Exercise, Poster Making etc. We hope to move forward with our priorities, innovation in our educational programmes, intellectual ambitions and globalization in the field of Education.

Scholars International School celebrated World Environment Day 2020- 21 by participating in activities like: painting, essay writing and speech competitions through online medium while being safe with in their home. Multiple themes were given to children to inspire their imagination, such as Water Conservation, Tree Plantation, Say No to Plastic, Save the Planet Earth, Environmental Pollution, and many more. The students made beautiful paintings, wrote essays and also shared audio recording of speeches with their teachers through WhatsApp groups created by their teachers. Students of all classes celebrated International Yoga day. The Students of different classes upload their videos on showing Yoga practices done by them.

In the wake of the COVID-19 pandemic, Parent-Teacher Meetings (PTMs) were held online. To ensure that all parents are connected and updated about their child/children's education and on-going activities, various online platforms such as Zoom Links, Google meet, WhatsApp, etc. were resorted to. Through video as well as audio conference calls, teachers, on a routinely basis, update the parents of

the children about the various virtual learning initiatives that are being undertaken by the Schools and inform about the performance of their child/children.

In the end I would like to quote an extract: Knowledge is power. Information is liberating. Education is the premises of progress in every society, in every family. This is on behalf of entire scholars International School family.
